Be sure to bring your printed ticket to the convention with you. You will be taken to a screen after your purchase with a link to download the tickets. You will also receive an email with a link to download the tickets.

****No more than two adults per photo, however children under 12 are allowed along with the two adults.**

****You cannot take photos in the photo op room with your own camera. Please no video either.**

****Please do not bring gifts for the guest or items for the guest to autograph in the photo room.**

****Photos at the table. Guests who normally do photos at the table will still do so. We do not ask any guests to stop taking photos at their tables. As always, this is entirely up to the guest and their management.**

****THERE IS NO GUARANTEE THAT PHOTOS WILL BE PRINTED IN TIME FOR YOU TO HAVE THEM AUTOGRAPHED (NOT INCLUDED IN THE PHOTO OP PRICE). THERE ARE NO REFUNDS IF YOU ARE NOT ABLE TO GET YOUR PRINT AUTOGRAPHED.**

What is a photo op?

A photo op is a professional photo of you with the celebrity guest you chose. You will get a photo taken under ideal lighting conditions and shot with professional camera equipment. You will receive an 8x10" print of your photo printed on professional dye-sublimation photo printers. This print will be available at the show shortly after your photo is taken.

When do I need to arrive for my photo op?

You must arrive 15-30 minutes prior to the scheduled start time of your photo op. Please do not try to get in line earlier than 30 minutes before your photo op starts. Be sure to check the photo op schedule for last minute changes prior to your departure to the show as well as upon arrival at the show. Due to unforeseen circumstances, the photo op schedule may change as late as the day of the scheduled photo op. **Do not be late.** The photo op lines move at a very rapid pace once the op starts and we cannot bring a celebrity guest back to take a missed photo.

What should I bring with me to my photo op?

If you paid on-line, you will need to have your printed ticket for your photo op and any add-ons. If you paid for your photo op at the show, you will need to have the ticket given to you when you paid for your op.

When will my print be ready?

Due to differences in print volume from show to show, the print wait time will vary. The typical wait time for prints is around an hour or more, so please plan accordingly. You may visit the photo op add-on redemption booth for the most current wait time for prints. Due to varying schedules, prints are not guaranteed to be ready in time to have a celebrity guest autograph them.

How many people can be in my photo op?

The base price of a photo op includes two adults. Families may have two adults and their children under 12.

Can I take my photo on my own camera?

There are no cameras or video recording devices allowed in the photo op room, other than our photographers.

What do I do with my digital download, additional print or combo pack ticket?

Digital file downloads, additional prints and combo packs, also known as "add-ons", will need to be redeemed at the add-on redemption booth after your photo is taken. The add-on redemption booth is located near the print pick-up area or the Celeb Photo Ops sales area. Additional prints as well as the additional print from a combo pack will be delivered at the show in the print pickup area shortly after you have redeemed your add-on ticket. Digital file downloads are made available around seven business days after the show via the Celeb Photo Ops (celebphotoops.com) website. Again, you must redeem your add-on tickets at the show to receive your add-on.

I have special needs or I am caring for a special needs fan who is getting a photo op, is there anything I should do?

Please let our photo op line staff know if you or someone in your care has special needs and we will be sure to help you out.

Can I purchase a photo op at the show?

Yes, you can purchase photo ops at the show however please keep in mind that sales at the show are on a cash only basis. The ATMs at the convention will often run out of money, so please try to stop prior to arrival to be better prepared. If you need to use a credit card you may purchase photo ops on-line prior to the show. Some photo ops are sold on a limited number basis, so please be sure you purchase your photo op upon arrival or prior to the show.

What do I do when I enter the photo op room?

Please be sure to follow directions given to you by the photo op crew. Have your photo op ticket out and ready to hand to the attendant in the room. There is a designated place in the room to place any items you do not want in the photo with you. Any items you take into the photo will need to remain in your hands during the photo. Also, due to space constraints, only fans who are in the photo or parents of fans in the photo are allowed in the photo op room.

I have glasses, is that a problem?

Glasses will often glare and they also make it very difficult for the photographers to see if you blinked or not. If you do not mind removing them, we suggest you do.
