Some Important Notes on Photo Ops.

***Prints are now made available with a one minute print time, so you will pick up your photo upon exiting the photo op room in the print pick-up area.

***Lines for each photo op will not be made available until 30 minutes before the scheduled time for that particular photo op.

***Please be sure to redeem your ticket purchased online prior to getting into any lines. You redeem your online ticket any time during show hours prior to lining up for your op.

***The base price of a photo op includes two adults in the same photo. Families may have two adults and their children under 12. To receive your digital download, you must redeem your digital ticket after you pick up your print at photo op sales. Glasses will often glare and make it very difficult for the photographers to see if you blinked. If you do not mind removing them, we suggest you do..
